The Junior League of Kansas City, Missouri (JLKCMO), is a 501(c)(3) organization of women committed to promoting voluntarism, developing the potential of women, and improving communities through the effective action and leadership of trained volunteers. Its purpose is exclusively educational and charitable.

The Junior League reaches out to women of all races, religions, and national origins who demonstrate an interest in and commitment to voluntarism. We are women who share diverse interests and backgrounds as well as a desire to improve our community through volunteer action and grant-making. Our commitment has remained unwavering: to develop exceptionally qualified civic leaders who can identify a community's most urgent and pressing needs and address them with meaningful, relevant programs and initiatives that not only improve lives but change the way people think.

Since 1914, JLKCMO has been associated with more than 350 community agencies and organizations. Our members have raised more than \$18.7 million and donated over 2.5 million hours of volunteer time. League members research areas of need in the Kansas City metro and educate the membership and the community about those issues. Currently our focus is women and children.
